Hockey Agony

by Donna M. McDine

“Hockey Agony is a great lesson learned for kids, really of all ages. I love the illustrations and love the message.”

~ **Debra Beck, Empowered Teens and Parents** ~ www.empoweredteensandparents.com

“Hockey. What can be more exciting than that? And the agony starts right away. Larry’s leg is broken and he can’t play. Will he get a chance to join in the game? Not if Peter shows off his fast skate moves when he takes over Larry’s position. And what about Coach Brennan? Is he on Larry’s side...or against him? The action is fast-paced. The drama is real. Every reader will relate. Author Donna M. McDine’s new chapbook for tweens, Hockey Agony, is sure to deliver. Just in time to provide a great read for boys and hockey fans everywhere!”

~ **Nancy I. Sanders, bestselling and award-winning children’s author of Challenge on the Hill of Fire and Frederick Douglass for Kids** ~ www.nancyisanders.com
